Thanks. I'm in meetings through the day, and on the road tomorrow, so I'll try to get this back to you by Wednesday.

Brendan,

I didn't have a form attached to the original email you sent me. You referenced a form in our chat this morning. Can you reply to all with that form, so Eric and I can use that for reporting?

Thank you!

Amy

Hi Brendan,
I've attached EPA's report, which follows the format you provided.
Let me know if you have any questions, or would like additional information.
Thanks for your patience.

Best,
Eric

Eric,

If you have the report readily available you could just send it over, if not in report form and just data you could combine with Amy.

Thanks

Hi Brendon:

I was listed as a subpermittee under Amy's collection permit in 2014. Should I send EPA's report directly to you, or incorporate it into Amy's report?

Eric

Correct. We did collect data in 2014, which I shared with Amy. I can get that to you, if needed, but don't have access to it today.

Is later this week ok?

Ok, this was for 2015 correct? We had also issued a permit in the fall of 2014, was there any data collected that fall?

Hi:

We had planned to conduct in-water work, but never did.

Brendan,

I actually never made it out in 2015 for surveys, so I would not have a report for you for that calendar year. EPA and I tried to schedule several times, but we had to keep postponing and ultimately I was not out on the river in 2015. In any event, I do not have any 2015 data to report on.

I believe EPA went out for a diving survey. If so, Eric Nelson, who is copied here, would be able to provide a report or a summary of his field work.

Hi Amy,

Did you ever send over a report for your clam surveys last year?

Thanks,  
Brendan
